Welcome to the Department of Adult Continuing Education (DACE)

Thank you for your interest in studying with DACE.

DACE offers you a wide range of part-time courses starting throughout the year at a variety of levels. All of our courses are part-time and most are open to anyone without existing qualifications. The wide geographical spread of course locations reflects our commitment to widen access to Higher Education through adult education and provide new learning opportunities across the south west Wales region. Courses are held in the day or evening so if you want to work towards a qualification or discover more about a subject you are interested in, there is plenty to choose from.

We do not want fees to be a barrier and so with the support of the Higher Education Funding Council for Wales and the Money Advice and Support Office at Swansea University we are able to offer financial assistance schemes available to eligible students that will help fund your studies.

We also provide an advice and guidance service to help you make the right choice of study and provide support and advice in relation to employment opportunities.

If you have not tried one of our courses before then now is a good time to join the many people who learn with us every year.

Professor Colin Trotman

Director of Adult Continuing Education

How to book a place on a course

1. Look through the course information to identify courses of interest to you.
2. Check your fee category and eligibility for financial assistance - details are on page 7.
3. Complete the booking form at the back of this brochure and return it to us.
4. Remember to:

Indicate your preferred method of payment - we recommend paying by debit card as any refunds can be processed without delay.

Include evidence of receipt of means tested benefit if you are applying for Passport to Study Fee category.

Include a copy of your Passport and Visa and ID card (if available) if you are of non UK/EEA nationality.

Let us know if you have additional support needs as a result of a disability, medical condition or specific learning difficulty and require support.

Contact us if you want to check your fee category or apply for financial assistance or payment by instalment.

? Can I book a place online or via the telephone?

Unfortunately we are unable to offer an online or telephone booking system. However, there is a Word version of the booking form on our website www.swansea.ac.uk/dace/howtoapply which you can download and email to us. Remember, if you are applying for Passport to Study Fees or are a non UK/EEA national, you will also need to provide evidence of receipt of means tested benefit and/or a copy of your Passport and Visa and ID card as applicable.

? What happens next?

On receipt of your booking form, payment and supporting documentation we will write to you to confirm that a place has been booked for you and - if requested - send you financial support application forms and telephone you to take your card payment. If any of the course details have changed since production of this brochure you will be notified, otherwise attend at the date, time and location specified.

Enrolment takes place in your first class where you will be asked to complete a full Swansea University enrolment form. This information will form the basis of your student record and all enrolments are subject to the terms and conditions of Swansea University.

? Can I attend without having booked a place?

Yes, but before you do, contact us to check that there is space on the course and that it is running at the specified date, time and location as these details can change at short notice. Priority will be given to those who have pre-booked and paid for the class. For students with additional support needs it might not be possible to arrange these at short notice and you might have to defer your place.

Course fees and financial assistance

Details of fees are with the course information and what you pay depends on your circumstances. If fees are not paid, the University will take steps to recover the outstanding amount, which may lead to debt recovery action. If you choose to withdraw from a course, you may

still be liable for the costs. There is a separate fee structure for those who do not permanently live in the UK or an EEA country. From August 2013, all prices are per course or module including Passport to Study fees.

Is there any help to pay course fees?

Several schemes are available to help fund your studies and brief details are given below. Full terms and conditions are on our website www.swansea.ac.uk/dace. Contact us to check your eligibility or request an application form.

Fee Waiver

You must be new to Higher Education (HE), do not have qualifications higher than a HNC/HND or other undergraduate credit-bearing HE award (unless you are upgrading your qualification) and meet at least one of the conditions below:

- Your family is in receipt of Universal Credit or Income Support or income based Jobseekers Allowance or Housing Benefit or Pension Credit or Council Tax Reduction or Working Tax Credits.
- You are in receipt of Employment and Support Allowance or Personal Independent Payment or Severe Disablement Allowance or Disability Living Allowance or Attendance Allowance or Incapacity Benefit or Carer's Allowance.
- You are a registered job seeker, and have been so for a continuous period of no less than six weeks prior to the date of application for fee waiver.
- Your sole family income is through Department for Work and Pensions benefits.

You must provide DACE with official documentary evidence of your entitlement on application for example a letter from Jobcentre Plus confirming your name, address and benefit entitlement.

Please note Should your circumstances change and you are no longer entitled to a fee waiver, you should advise DACE whereupon the remaining proportion of the tuition fee may be payable. Fees may be waived to the full cost of the module, or a maximum of £1200 per student, whichever is the lower amount. Students can claim up to a maximum of 360 credits from the fund during their studies, which may be spread across several academic years. Funding is not available for assessment or examination costs or to repeat modules under any circumstances. Students should be Welsh domiciled.

The conditions of this scheme are subject to change without notice.

Taster Modules Funding via Financial Contingency Fund - Non Means-Tested

The Taster Modules funding is not means tested and is operated in conjunction with the Money Advice and Support Office at Swansea University and is intended for students studying for between 12-59 credits. At time of print, full details are not available from the Welsh Government; please contact us for more information if you are interested in applying.

Local Education Authority Grant

Part-time students signed up for at least 50% of an equivalent full-time course (this usually means HE Certificate or HE Diploma) may be entitled to receive a Fee Grant. Applications for funding are made through your Local Education Authority. Check the Student Finance Wales website www.studentfinancewales.co.uk for further information.

Financial Contingency Fund

The Financial Contingency Fund is operated in conjunction with the Money Advice and Support Office at Swansea University and is intended for students studying for at least

60 credits. At time of print, full details are not available from the Welsh Government; please contact us for more information if you are interested in applying.

DACE Hardship Bursary

This is a maximum of £100 per student, per academic year and covers up to 50% of the fee.

Payment by Instalments

You are able to pay for courses of 20 weeks and over in two instalments; half the course fees at the start of the course and the remainder at 10 weeks. Contact us before the course starts to arrange this.

How to pay

Payment can be made by debit/credit card, cash or cheque. We recommend payment using a debit card as refunds (if required) can be processed straight away. Please note, refunds for cash or cheque payments can take

around six weeks to be processed by the University Finance Section. All credit card payments have a non-refundable 1.5% handling charge added.

Repeating a course or module

If you want to repeat a module for which you have already received credits, you will be required to pay the full fee; no

concessions or financial assistance are available.

Course cancellations and refunds

Each course requires sufficient students for it to be viable to run. If student numbers are low the tutor will discuss whether the course is likely to run within the first two weeks. DACE

will refund payments for classes that have to be cancelled. If you would like to transfer to another course, contact us to let us know.

Student withdrawals and refunds

If you choose to withdraw from a course and/or would like to transfer to another course or request a refund, contact us as soon as possible to let us know. Refunds are at the discretion of the Department and where granted will be

pro-rata to the sessions attended. Please note there will be a £10 cancellation fee to cover administration costs. Passport to Study fees are non-refundable.

Information for Nationals of non UK/EEA countries

All students who are not citizens or a national of an EEA country and Switzerland who want to study with DACE must attach a copy of a current passport and visa and if you have one a UK identity card to your booking or enrolment form. Your visa (entry clearance) to study should cover the full length of your course and give you time to receive your

results. If you are unable to provide valid documents this will prevent you enrolling on a course or module.

If your country of permanent residence is outside the UK/EEA a separate fee structure will apply. Please contact us for more information before enrolling on a course.

Information for refugees and asylum seekers

The fee structure and financial assistance options for refugees are the same as for UK/EEA nationals.

Asylum Seekers are not liable for fees but evidence is

required to confirm asylum seeker status and must be provided with a booking or enrolment form. If you are unable to provide valid documents this will prevent you enrolling on a course or module.

Information for those with unspent criminal convictions

If you have declared that you have an unspent criminal conviction, you will be asked to complete a Conviction Form requesting information about the nature of the conviction/caution which will be considered by the University who will decide whether or not your application can proceed. Criminal records will be taken into account only when the conviction is relevant.

Unfortunately, it may not be possible to confirm your place at DACE if it is felt that your conviction would compromise the University's duty of care to other students and staff.

If you are convicted of a relevant criminal offence after you have started a course, you must inform us immediately.

Advice and Guidance

Free, impartial and confidential course and career advice and guidance are available throughout the year. If you

would like to talk through your ideas and options, contact us to make an appointment.

Academic Study Support - help is available

Whatever your individual situation - whether you are keen to update your writing skills or want to develop new learning strategies to support your studies, we have something to offer you.

a student on campus or in the community there are a wide variety of learning resources to help students make the most of their learning experience, from study skills workshops, one-to-one support sessions to online resources such as the Assignment Survival Kit (ASK at www.swansea.ac.uk/iss/libraries)

Students with Disabilities, Medical Conditions or Specific Learning Difficulties

If you have a disability, medical condition or specific learning difficulty, the University's Disability Office will work with you and DACE to advise on any support-related issues. As it can take considerable time to put support

arrangements in place, please let us know at the earliest opportunity so that the Disability Office can contact you to discuss your support needs. Information can be found on their website at www.swansea.ac.uk/disability-office

Swansea University Wellbeing Services

The Wellbeing Unit offers free, confidential service to those who find that they are unable to study effectively or

enjoy their life at University. For more information visit their website www.swansea.ac.uk/wellbeing

Library and Information Services

Your first contact for library and information support is the South Wales Miners' Library (SWML), located on the Hendrefoelan Campus. The library provides support for all students enrolled on DACE courses whatever you are

studying or wherever you are being taught. Students can also use the Library and Information Centre on the main University campus.

Health and Safety

The health and safety of our students and staff is of paramount importance and we welcome feedback on

course locations.

Credits and level of study

Credits are nationally recognised and can be used towards HE qualifications such as Certificate, Diploma or Degree. HE Accredited courses i.e. those that start with DA have a certain number of credits attached to them usually 10 or 20 and are at differing levels of study:

- Level 0 courses are at pre-university standard (CQFW level 3);
- Level 1 courses are equivalent to the standard taught at the first year of a degree (CQFW level 4);
- Level 2 courses are equivalent to the standard taught at the second year of a degree (CQFW level 5).

CQFW refers to the Credit and Qualifications Framework for Wales, a framework that enables recognition and comparison of achievements from all types of education and training activity.

If you successfully undertake assessment, you will be awarded credits to confirm your achievement. As you progress you can gain the following awards:

- With 120 credits at Level 0 within one subject area, you are eligible for a **Foundation Certificate**;
- With 120 credits at Level 1, you will be awarded a **Certificate of Higher Education**;

- With 120 credits at Level 2, you will be awarded the **Diploma of Higher Education** (you will need to already have a Certificate of HE or equivalent).

When you achieve credits, Swansea University recognises that you have successfully completed a course of study and HEFCW (Higher Education Funding Council for Wales) supports the course financially.

Those who achieve a Swansea University Certificate or Diploma will be invited to attend a graduation ceremony to receive their award. Please note if you want to achieve a Foundation Certificate at Level 0, you need to complete at least 60 credits at Swansea University.

It is possible to use our courses to progress on to an undergraduate programme. They provide recent evidence of your ability to study at degree level, whether or not you have studied at 'A' level in the past. If you wish any modules to be credited towards your degree they will have to match modules within the degree programme. If you are thinking about going on to study an undergraduate degree it is a good idea to speak to one of our Part-time Degree team.

Our Programmes

DACE offers a range of courses and programmes. Contact us for more information on:

- **Community-based Lectures:** Lectures across a broad range of topics which take place at community venues and are intended to give a 'flavour' of a subject area.

Are 'new technologies' the death of film? Introduction to Film Studies will answer these questions and more, allowing students to explore one of the most popular media forms of our time. Each week, key films will guide students through new concepts like 'Auteur Theory' and introduce them to the work of key thinkers, theorists and film-makers.

- **Reading and Writing Short Stories.** An opportunity for students to analyse a variety of short stories and to experiment with writing their own.
- **Self-Publishing Non-Fiction.** Discover how to publish a work of non-fiction yourself. You will learn about print and e-books, distribution, marketing and promotion, and finance.
- **Writing and Landscape.** One of the most effective ways we have of making sense of landscape, even in its most concrete form, is through the stories we tell about it. All the real, written, and painted landscapes we have encountered affect how we make sense of our own identity and our sense of place. This 20 week course explores landscape writing as geological and conscious form. Students will be assessed by submission of an assignment.

Course Descriptions

- **Ancient Egyptian Literature (Old and Middle Kingdoms).**

Ancient Egyptian Literature is one of the oldest in existence and offers some of the earliest examples of a number of genres. This module will look at literature from Egypt's Old Kingdom through to the Ramesside Period.

- **Egyptian Civilisation.** The culture of Ancient Egypt has fascinated both scholars and general readers for many centuries. This module is intended to give an outline of the society of Egypt, which remained almost unchanged from 3200-1000 BC. In addition to a general view of the structure and organisation of the society, other topics that will be covered include: Religion, Writing and Literature, Role and Status of Women, Health and Status of Women, Health and Medicine.

- **Egyptian History: The Eighteenth Dynasty.** Throughout the long history of Ancient Egypt one of the most exciting and dramatic periods was the 18th Dynasty. This part of Egyptian history saw many of the great pharaohs, perhaps the best known being Tutankhamun. Chart this

unique period, try to reconstruct the people, places and events that made it such a fascinating time. Look at the monuments, letters, stories and histories of ancient Egypt, together with the results of more recent work in Egyptology.

- **The Late Period.** This module will look at Egyptian History from 1,000 BC through to 300 AD. During this period Egypt was ruled by foreigners including Libyans, Nubians, Persians, Greeks and Romans.
- **The Ramesside Period.** Examine the 19th and 20th Dynasties of Egyptian history, was not only the one of the best documented but also one of the most interesting periods. Analyse the reign of Ramesses with the reigns of the other major Pharaohs of the period.

INFORMATION TECHNOLOGY AND MULTIMEDIA is offered at the following levels:

- **Pathways and Taster Courses (Course ID starting OPIT).** These are short courses with no formal assessment aimed at introducing you to the subject and encouraging you to further your studies to an accredited module.
- **HE Accredited Modules (Course ID starting DAF/DAL).** These are formally assessed, HE credit bearing modules. The credits achieved can be used towards a Certificate of Higher Education. See page 10 for more information.
- **LEVEL 0 MODULES - FOUNDATION.** Although more substantial (mostly eight week modules) these are suitable for beginners and little or no prior knowledge is assumed. For all specialised topics like digital images and web design, we recommend that you familiarise yourself with basic computer use and management of files early on (see the Progression chart on page 32 that guides you through the modules). If you familiarise yourself with the routine tasks such as saving and locating files, you can avoid frustration and concentrate on the specific elements that you want to master. Each module is grouped with two or more that provide progression in the chosen subject area.
- **LEVEL 1 MODULES.** For these (mostly eight week modules) you need to have first completed the foundation level in the topic, or have some equivalent experience. See the Progression chart on page 32. These modules build upon previous knowledge; the Photoshop modules are extremely popular. Each module is grouped with two or more that provide progression in the chosen subject area.
- **LEVEL 2 MODULES.** For these (mostly ten week modules) you need to have first completed the Level 1 HE Certificate or have equivalent experience.
- **HE Certificates and Diplomas:** See below for details of our HE Certificate and HE Diploma Programmes.
- **FIT - FOUNDATION CERTIFICATE IN TECHNOLOGY. Taught at DOVE.** A unique, one-day a week course that combines a high level of IT training with personal development, that encourages students to plan their future and the steps necessary to get there. Targeted at the unemployed and part-time employed, the course fits in with school hours and there is a crèche available at the centre. The course is suitable for beginners who will increase their employability by learning to use office software, i.e. word processing, spread sheets, file management, PowerPoint presentations, Internet and E-mail to a professional standard. A new module on establishing an e-presence, via Facebook or other social media will give the skills to handle the marketing of a project or business idea. **120 Foundation Level credits over 2 years. Eligible students may qualify for funding.**
- **FIMM - FOUNDATION CERTIFICATE IN MULTIMEDIA. Taught at the Black Mountain Centre, Menter Cwm Gwendraeth and Canolfan Maerdy.** If you want to learn the more creative digital IT skills from the beginning, work digitally with music, desk-top publishing, web design, photography, movie making and last but not least, enough word processing and file management for everyday tasks the Foundation in Multimedia (FIMM) is for you. **120 Foundation Level credits over 2 years. Eligible students may qualify for funding.**
- **LIFT - LEVEL 1 HE CERTIFICATE IN FURTHER TECHNOLOGY.** For students with good general IT skills who want creative digital skills of Photo-editing, video, web design (using Dreamweaver and Open Source), online marketing with social networks, to equip students for employment that requires specialised information technology skills such as image manipulation and web design. Taught at DOVE, the Black Mountain Centre, Menter Cwm Gwendraeth and Canolfan Maerdy. **Certificate of 120, Level 1 credits over 2 years. Eligible students may qualify for funding.**

Course Descriptions

Pathways and Taster Courses (OPL):

- **Blasu.** Ydych chi am ddysgu rhywbeth newydd? Beth am ddysgu iaith newydd?! Bydd y cwrs rhagarweiniol hwn yn rhoi blas i chi ar ddysgu ieithoedd. Dyddwch yn dysgu sut i gyfarch pobl, sut i ddweud pwy ydych chi a sut i gynnal trafodaeth fer. Os ydych yn hoffi'r cwrs hwn, bydd modd i chi barhau â dysgu mewn modiwlau dilynol.
- **Taster.** These courses should help you with your immediate language needs and give you a good idea of what our HE Accredited language modules are like
- **German through the medium of Welsh.**

HE Accredited Modules (DAE):

- **Aspects of...Culture and Language.** This module will

provide you with an awareness of the various elements that have contributed to the identity of the country; will enable you to improve your knowledge of the language and will enable you to undertake independent subsequent study of the language and culture.

- **Stage 1: Part 1 and Part 2:** You are complete beginner, knowing virtually nothing of the language. You will develop competence in a range of predictable simple, everyday language tasks. The course will provide a very basic knowledge of the structure and vocabulary of the language.
- **Stage 2: Part 1 and Part 2:** You may have studied the language at school some years ago or attended a beginner's course. You have a very limited vocabulary and some understanding of basic structures. You can

just about cope with predictable situations but you lack confidence in other contexts. The course will introduce new tenses and help you to communicate in everyday social or work situations.

- **Stage 3: Part 1 and Part 2:** You have a reasonable foundation in the language at school level, possibly to 'O'/GCSE level or equivalent. You can deal with most common 'survival' situations confidently. You now want to start moving beyond merely practicing simple exchanges, learning to cope in non-routine situations and contributing to conversations on topics of general interest.
- **Stage 4:** You have a good foundation in the language. You have reached the stage where you can understand a good proportion of the language when native speakers talk to you about a range of common topics. You can express yourself simply and with reasonable accuracy but

you are hesitant in more demanding situations. You want to develop your fluency and extend the range of contexts in which you use the language.

- **Stage 5:** You have a good vocabulary and a fair understanding of fundamental grammatical rules and how to apply them. You feel reasonably confident speaking in most common social or work settings and you are developing fluency in your reading and writing. You now want to use the language more flexibly and use appropriate terminology to suit the context.
- **Stage 6:** You can understand extended speech and follow even complex lines of argument provided the topics is reasonably familiar. You can take an active part in discussion in familiar context, accounting for and sustaining your views. You can write clear, detailed text on a wide range of subjects related to your interests.

Course Descriptions

Pathways Courses (OPPH):

- **Death and Dying as Spiritual Transformation.** Learning about experiences and issues around death and how they can be the key to a meaningful life.
- **Love, Sex and Death.** Philosophy of Human Nature. It is often taken for granted that humans have a fixed nature and there seem to be some conditions such as our reactions to birth, sex and death which are fundamental to all humans. Is this right? We ask if there is such a thing as the universal condition.
- **Morality, Religion and the Meaning of Life: A philosophical Exploration.** An introduction to philosophical thinking about Morality and Religion.
- **Mystics and Masters.** An introduction to the life and teachings of some great practitioners in the art and science of the spiritual life.
- **Philosophical Investigations.** This course will examine several areas in philosophy that are not usually taught in introductory or open courses, such as Philosophy of Religion, Philosophy of Mind, Political Philosophy and Metaphysics.

- **Philosophy of Medicine.** The course will involve discussions of medical issues and the ethics surrounding them. Both physical and mental health will be addressed. External influences such as the drug companies will be looked at in the light of current day thinking about medicine and health care.
- **Science, Spirituality and Health.** Science, spirituality and health and how addressing spiritual needs can empower us in relation to everyday life.

HE Accredited Modules (DAJ):

- **Action Research in Well-Being.** This module is an experiential way of learning about how positive emotional responses in life can enhance our health and well-being.
- **Mystical Spirituality in Different Traditions, Past and Present.** This module looks at the life and teachings of some great practitioners of the art and science of the spiritual life.
- **Reason and Experience.** This module looks at the history of empiricism through the philosophers John Locke, George Berkeley and David Hume and the rationalism of Descartes, Leibniz and Spinoza.

Celebrating 40 years of The South Wales Miners' Library

Promoting your learning, preserving our past.

Opened on the 20th October 1973, the South Wales Miners' Library has developed as an internationally respected centre for the research of the historical, cultural, social, educational and political aspects of the South Wales Coalfield.

Its unique collection, consisting of rare and important books, pamphlets, banners, posters, oral history recordings and newspaper articles, attracts visitors from all over the world, including academic researchers, students, family history enthusiasts, local historians and the media. The Library has many touring exhibitions which have generated great interest in the remarkable history of industrial South Wales.

Books from over 60 Miners' Institute and Welfare Hall Libraries across South Wales form the heart of the SWML.

Supporting regeneration through education.

For the past 40 years, the SWML has been instrumental in supporting the regeneration work undertaken by DACE in providing community based education.

From the NUM day release courses which were taught until the early 1990s, to the pioneering Community University of the Valleys and successful Part-Time Degree scheme, which is currently offered in community venues across Swansea, Neath Port Talbot, Carmarthenshire and Pembrokeshire, as well as the Pathways and Accredited programmes, the South Wales Miners' Library has worked closely with staff in DACE to provide innovative and appropriate library and information services to all.

In 1989, a branch of the South Wales Miners' Library was opened at the DOVE Workshop in Banwen offering University library and information services in a community setting. It is an initiative that still flourishes today.

To mark the 40th anniversary of the South Wales Miners' Library, a commemorative book will be published in October.

The Library will also hold a series of free lectures which will reflect the history and future aspirations of the Library.

Cefnogi adfywio trwy addysg.

Ers 40 mlynedd, mae Llyfrgell Glowyr De Cymru wedi cyfrannu at gefnogi'r gwaith adfywio a wneir gan AABO trwy ddarparu addysg gymunedol.

O gyrsiau rhyddhau undydd Undeb Cenedlaethol y Glowyr a addysgwyd tan yn gynnar yn y 1990au, i Brifysgol Gymunedol arloesol y Cymoedd a'r cynllun Gradd Ran Amser llwyddiannus a gynigir ar hyn o bryd mewn lleoliadau cymunedol ar draws Abertawe, Castell-nedd Port Talbot, Sir Gaerfyrddin a Sir Benfro, ynghyd â'r rhaglenni Llwybrau ac Achrededig, mae Llyfrgell Glowyr De Cymru wedi cydweithio'n agos â staff AABO i ddarparu gwasanaethau llyfrgell a gwybodaeth arloesol ac addas i bawb.

Yn 1989, agorwyd cangen o Lyfrgell Glowyr De Cymru yng Ngweithdy DOVE y Manwen, gan gynnig gwasanaethau llyfrgell a gwybodaeth y Brifysgol mewn lleoliad cymunedol. Mae'n fenter sy'n parhau i ffynnu heddiw.

I ddathlu 40 mlwyddiant Llyfrgell Glowyr De Cymru, cyhoeddir llyfr dathliadol ym mis Hydref.

Bydd y Llyfrgell yn cynnal cyfres o ddarlithoedd am ddim hefyd, fydd yn adlewyrchu hanes y Llyfrgell a'i dyheadau ar gyfer y dyfodol.
